

Instructions for Completing the GPA/LA&MS Permanent Adoption Application (Contract)

www.HoundsAbound.org

The purpose of this application/contract is multifunctional. First, we use it to screen applicants and determine whether an adoptive family is a proper home for a greyhound; some families would simply be better served by another breed. Second, we use the information in it to make the best match between adopter/family and the specific greyhound. Third, we use it to amass the best contact information for the adopter, so that, should a dog ever get loose/be found, we are able to get the dog and family reunited as quickly as possible. Our program is a safety net for greyhounds; our contract and the information required by it is the means to this end.

The adoption application/contract requires information and signatures by ALL THE ADULTS in the family; those signatures indicate to us that all adults in the family agree to the adoption and all agree to be equally responsible for the care and welfare of the adopted greyhound. We do NOT place dogs with children, and we do not place them in families where a child will be expected to be the dog's primary caregiver. Please note that the adoption application/contract consists of three (3) pages; please assure that all adults in the family sign ALL THREE PAGES; submission of an application without proper signatures could significantly delay the adoption process.

There are places for three adult's names on the application; please place only one name on each line; use as many lines as your situation requires. If there are more than three adult applicants in the family, please attach another page with information for any additional persons. In addition, please coordinate names with other contact information items; for example, if "Joe Adopter" is the name on Line #1, please assure that his contact information is on Line #1 in the Employer/Business Telephone and Cell Phone Number sections, as well.

In the Address section, please use a physical address; if you receive mail at a Post Office Box, feel free to include that information as well, but we must have a physical address.

In the section "Name, Address & Telephone of Next of Kin or Permanent Emergency Contact" do not use a person who lives in your home. This is an emergency contact number and will only be used in case all other contacts have failed. Contact information for Parents or "long time" friends would be ideal.

When describing your fence and the fenced area, please include the approximate size of the fenced area, as well as the height and material of the fence.

If you think of other things you feel would help us find the best match for you, please feel free to include a separate sheet with a narrative.

PLEASE READ THE FOLLOWING VERY CAREFULLY AND SIGN WHERE INDICATED TO DENOTE ACCEPTANCE OF ALL CONDITIONS OF ADOPTION

I agree to provide this greyhound with a safe and healthy living environment, including a proper and healthy diet, regular exercise and routine medical care. I am further aware that while GPA/LA &MS strives to provide adopters with greyhounds in sound medical condition, all dogs are subject to illness. I assume responsibility for all medical expenses subsequent to adoption, except those agreed to be borne by GPA/LA &MS prior to the adoption.

I agree to provide this pet with routine inoculations and necessary medications in accordance with legal requirements and accepted veterinary health practices (i.e., rabies and other annual inoculations; heartworm testing and preventive medications; dental cleaning (as necessary); and periodic testing for intestinal parasites. If not accomplished prior to adoption, I agree to spay or neuter this greyhound within twenty (20) days of the adoption, and to provide Greyhound Pets of America/LA & MS (hereinafter GPA/LA&MS) with certification of the surgery. Failure to fulfill this requirement, unless I have received a written extension or exemption for a bona fide medical condition (such medical condition to be certified by a licensed veterinarian and accepted by GPA/LA&MS) may, at the option of GPA/LA&MS, result in the immediate repossession of the dog by GPA/LA&MS or its designee.

I agree to maintain this greyhound as a family pet, and not as a hunting or guard dog. This dog will not be used as a research subject or maintained as a veterinary blood donor. This dog will not be raced or coursed for money or used for any purpose except as herein provided. I agree to keep this greyhound as a house pet, not as a "yard dog". When out of doors, this greyhound will be kept in a substantially constructed, fenced area or it will be kept on a leash at all times. I agree to NEVER leave this greyhound tied or chained and unattended. I agree to NEVER transport this greyhound in the open bed of a vehicle, whether tethered or not. I agree to allow the inspection of this greyhound, and/or the premises upon which it is kept, for the purpose of verification of compliance with this contract, at reasonable times and with reasonable notice, upon the request of any GPA/LA&MS Representative or any Humane Society or Animal Control or Police Officer acting at the request of GPA/LA&MS . I agree to keep a collar with identification tag(s) on this greyhound at all times (including, but not limited to, a GPA ID Tag and current Rabies tag). I agree to notify GPA/LA&MS immediately should this greyhound be lost, stolen or deceased, and, should the dog be deceased, to provide GPA/LA&MS with documentary proof of death upon request. I agree to promptly notify GPA/LA&MS of any change of address which alters the location at which this greyhound is housed. I agree to respond promptly and fully to any and all communications (i.e., telephone calls , e-mail, written inquiries, questionnaires) from GPA/LA&MS .

Signature(s)

By this contract, I hereby authorize the disclosure, by any veterinarian who has treated or attended this greyhound, of all information pertaining to surgical, medical and health care, to **GPA/LA&MS** or its designated representative. I also authorize the disclosure, by any veterinarian who has NOT treated or attended this greyhound to disclose that information upon the request of **GPA/LA&MS**. If for any reason, financial or other, I am unable or unwilling to continue to provide proper care for this greyhound, I agree to contact **GPA/LA&MS**, and without any payment or recompense thereto, I agree to surrender this greyhound into the care of **GPA/LA&MS** or its designated representative, and to deliver the greyhound to the place and person designated by **GPA/LA&MS**. At the time of such surrender, I agree to provide **GPA/LA&MS** with proof of the greyhound's current medical status. I agree to provide a medical record (or the name and identifying information of a veterinarian who can provide that information) to prove the greyhound is "current" on inoculations and heartworm prevention; if I am unable to provide such certification, I agree to be financially responsible for the usual and customary costs of any necessary medical treatment. After surrender in accordance with this contract, I will have no further legal claim to this greyhound, and at the time of surrender, my liability for the animal will cease. After notification of **GPA/LA&MS** of my intention to surrender the dog, I agree to provide for the dog's proper care and maintenance for a reasonable time until an appropriate foster or permanent home can be found. I understand that **I MAY NOT** sell, give or by any method transfer this greyhound to another person or persons without the express, **prior** permission of **GPA/LA&MS**.

I understand that my failure to comply with the terms of this contract will constitute just cause for the repossession of this greyhound by, and at the option of, **GPA/LA&MS** or any humane society or animal control officer or police officer acting at the request of **GPA/LA&MS**. Further, I agree to pay any legal fees and court costs associated with the enforcement of this contract and/or any expenses associated with the proper maintenance of this animal caused by my failure to comply with the contract's terms. I agree, even after the surrender of this dog, to be financially responsible for any medical attention (including inoculations and heartworm testing and/or treatment) which is due/overdue at the time of surrender.
